We start the semester with our kick-off meeting, where we will welcome the new Global Studies PhD students to the program and share with you the upcoming GS events. It is a perfect opportunity to meet your PhD fellows and the program head, Prof. Dr. Elize Mazadiego.

The event will also provide a platform to discuss the program and discuss your ideas for future courses and events. The kick-off meeting will be followed by a coffee break. We look forward to seeing you all!
